Selectmen's Meeting

APPROVAL FOR UNDERGROUND CABLE

Shirley Parker, representing the New England Telephone Co., met with Selectmen at a hearing to seek approval for installation of a stretch of underground cable at Brandt Beach Road. The 120 feet of buried line and terminal cabinet is designed to provide additional lines to Leisure Shore residents she stated. All of the installation will be done on municipal land according to Mrs. Parker. There were no objectors. Selectmen approved the request.

REQUEST BREAKFAST HOUR

Jim Clemmy, d/b/a Salty Jim's Kitchen at the SailAway Restaurant on Route 6, requested that he be permitted to serve breakfast between the hours of 1:30-3 a.m. Selectmen felt it would be inconsistent to policy established for other establishments serving alcoholic beverages.

FLOOD INSURANCE CONTINUES

New maps and brochures are available from the Mattapoisett Town Clerk Lois Bassett concerning the Flood Plain Program. The Federal Emergency Management Agency has acknowledged Mattapoisett's continued participation in the National Flood Insurance Program.

APPOINT POLICEMAN

Police Chief James Moran recommended by letter that Selectmen appoint Glenn R. Souza, a former Fairhaven fireman, as part time police officer. Selectmen approved the request with the condition that Souza complete E.M.T. training within a year.

ROUTE 6 MEETING REQUESTED

Selectmen of Marion have written Norman VanNess to request a meeting concerning Route 6 which the Marion Selectmen consider a major safety hazard. Mr. VanNess, of the Federal Highway Administration, has been invited to examine Route 6 during peak traffic

EXAMINE PROPERTY

Selectmen Chairman John DeCosta reported on his inspection of the former Deniz property now owned the town. He and Building Inspector Scott Armbruster found the kitchen stripped of cabinets, plumbing removed and water in the structure from leaks. He said that it appeared rehabilitation at this time would be too expensive so the Selectmen will ask the building inspector to fix the leaks and will secure the building for the winter.

POLE TRANSFER

Selectmen approved a petition by Commonwealth Electric to transfer ownership of 3 poles on Oliver Lane to joint ownership with the New England Telephone Company.

PLYMOUTH COUNTY HOSPITAL

Selectmen received a memo from the County Commissioners informing that Centurion Group Ltd. Inc. will assume the management duties of the Plymouth County Hospital for one year due to the retirement of Dr. C. Clark Streeter. Dr. Streeter has served over 20 years as administrator.

CAN IT MAKE A DIFFERENCE?

Local residents cannot but admire the persistence of the Selectmen of Mattapoisett and Marion for keeping the issue of the safety of Route 6 as a live one before state and federal representatives. Just because a cause is right is not supposed to matter if it runs contrary to the rigid book in official government circles. The Selectmen have refused to be brushed off and they have

kept a constant pressure on.

Route 6 has been lined up to conform to a standard supposed to make it safer; apparently in some foggy past, probably lobbied by interstate trucking, that a 12-foot lane was set as a minimum safe span of a travel lane. Route 6 is no longer an artery used by super trucks. It is a vital link between the coastal towns used by passenger vehicles and by small trucks. In the past 10 years of rising fuel costs, both types of vehicle have been scaled down considerably. Even if they hadn't, previous to the building of 195 this same road with 11 foot lanes was used by much larger cars and by heavy trucks in a heavy volume of traffic and with an acceptable average of safety.

Safety in great measure depends on consistency and this is the dangerous factor in this issue. When the same road changes rules 3 times in 14 miles how do strangers make the consistent judgement necessary to safe driving. People who live in this community know the road changes from 4 lanes to 2 lanes, proceeds through Mattapoisett and Marion, then changes abruptly back to 4 lanes at the Weweantic. We know the dangerous stretches of curve and hill where passing is to risk head-on collision no matter what the lines in the road indicate. What about the stranger? Well, the stranger is supposed to check the lines in the road. Unfortunately, it snows here. All winter there is the possibility that white snow on white lines will make it difficult or impossible to see these lanes. When the snow melts, the sand that has been applied to the snow remains to make lines difficult to see. Anyone who has traveled Route 6

at night in rain knows that the lines are almost invisible even under these conditions. Motorists traveling the same road in the short span of 10 to 14 miles do not expect 3 different rules of the road. If conditions are such that all these changes are obscured then the danger increases. To wait for a body count to prove a road is dangerous is a very careless attitude. Why should people have to die or be maimed to prove a point which logic and good judgement indicates already?

This is our Selectmen's point. To their credit they are pressing it in spite of brush-off, rebuff and discouraging words. The only person who has had something good to say about the 2 lane road has written that the breakdown lane makes a good bike path. Wonderful! With 5 miles of new asphalt over an original sound surfaced road, that must make Route 6 equipped with the most over engineered and expensive bike path in the nation.

Wouldn't it make more economic and safety sense to use this surface for vehicle travel that will make head-on collision less a possibility? That's the question. The Selectmen keep asking it. We admire this relentless effort to return the whole of Route 6 to the same standard of 4 lane travel.

Mattapoisett Historical Society

ANNUAL MEETING

The Mattapoisett Historical Society will hold its ANNUAL MEETING on September 23 at 7:30 p.m. at the Mattapoisett Historical Museum on Church Street.

Mrs. Arthur Tiffany, Society President, will preside at the informative meeting. Following the meeting, Miss Louise Strongman will give an illustrated talk on "BEYOND WAIKIKI". She will show Hawaii as few tourists see it, touching on its geology, natural history, and the impact of whaling on the islands.

Miss Strongman is best known in the area for her 42 years of service with the Mariner Girl Scouts in Dartmouth. However, she has had a life-long love for the sea and all related subjects. Her talk on Hawaii is the result of attending an "Elder Hostel Course" in Hawaii; a rewarding experience for her and for us in her sharing of it.

SOCIETY MEMBERS, do check the date and plan to attend....and those of you who aren't members, plan to come and join!

When you think of owning a new car is this the new car you think of owning?

A lot of people take one look at the rates for an auto loan and say, forget it. But here at Fairhaven Savings the rates are the lowest they've been in months, so maybe you can afford the car you really want.

Particularly since we ask for only 20% down. As opposed to 30% at many other places. And you have four years to pay. Not three. Once you have filled out the application, you can get the cash in 24 hours. We even have a telephone hotline to call to get the wheels turning. Call 999-7000.

Look at it this way. Now that Fairhaven has brought down the rates, all you have to do is come up with the car.

Sons Paul and John and their families greeted Anna with a corsage, bouquet of flowers and gifts, which included certificates to the Mattapoisett Chowder House and Cathay Temple. The meal concluded

Crescent Beach Classic

The 1st Crescent Beach Classic Road Race was held Sunday, September 5th, on a perfect weather day, with 53 runners participating for what looks like an annual fun ending to the summer season. This race gave many beach neighbors an opportunity to exchange good-byes and in some cases some overdue hellos.

Fred Martin's race committee members were most appreciative to all for the fine support they received. Thanks are extended to the Mattapoisett Police, the 4th of July Race Committee, the Mattapoisett Track Club and especially the Mattapoisett Fire Rescue Team. The committee also expresses appreciation to Peter and Ann Martin, Drs. Burden and Parker and to Bob Gardner of the Mattapoisett Race Committee.

The overall winner for this 5K race was Mark Coogan of Mattapoisett, placing 1st with a time of 16:39 minutes. Danny Briand of Crescent Beach was 2nd at 17:45 and Julie LeClair of Crescent Beach was 3rd with 18:22.

In the separate divisions, the runners placed as follows:

Children's Museum

NEW HOME

Plans and work on the purchase of the Twin Silo's Building and property on Gulf Hill are almost complete. It is hoped that the Children's Museum will officially own its new home by mid-September; as a result, moving plans have already been formulated and the long task of preparation is beginning. To help accomplish this, the Children's Museum organized two Saturday workdays, September 18 and September 25 from 9 to 4. We will need help with moving furniture and collections, cleaning, some carpentry, cutting trails, and with a variety of other tasks, large and small. If you are able to assist us on either or both of these days, please call Ann Barrow at 993-3361. Pick-up trucks and strong backs will be most helpful. Please bring a lunch; beverages will be provided throughout both days.

Your assistance in this new adventure will be greatly appreciated.

HOLDS FRANKLINIA FESTIVAL

The Massachusetts Audubon Society's Ashumet Holly Reservation in East Falmouth will hold its fall Franklinia Festival on September 25th from 10 a.m. to 4 p.m. Planned activities include morning lectures and demonstrations such as "All About Herbs" and "Attracting and Feeding Birds". There will also be craft exhibits, a mini-country auction, and special presentations by the Cape Cod Ballet Company. Guided walks to view the blooming Franklinia trees begin at 10 a.m.

The event focuses on the Franklinia tree, which was named in honor of Ben Franklin. This rare tree, one of the few which flower in autumn, was discovered in 1760 near the Altamaha River in Georgia. It has never grown wild in any other location. Trees in all other locations have been the result of cuttings and seeds collected at that spot by John Bartram, the first and most famous of the colonial plant explorers. A limited number of trees will be available the day of the festival.

The Franklinia Festival is sponsored by the Friends of Ashumet. Admission will be charged

Telephone Pioneers

Two residents of Mattapoisett have been installed officers of the Telephone Pioneers.

Andrew Tiernan of 5 Bayberry Lane is vice president of the Bristol Life Member Club for retired telephone employees. Ada Haskell of 16 Randall Road is secretary of the Southern Mass. Council.

Pioneers are members of the world's largest social/industrial organization which is known nationally for its philanthropic work.

Among their activities in southeastern Massachusetts, Pioneers donated "Sugar Babe" dolls to hospitals and nursing associations. The dolls are used to teach young diabetics how to properly inject insulin. Pioneers also sponsored a "chirping" egg hunt for blind, retarded children in Brockton.

Computers & The Handicapped

How a disabled person who is unable to talk or even gesture can learn to communicate through a "talking computer" will be the subject of a lecture and demonstration at this year's first meeting of Southeastern Massachusetts University's Library Associates.

Professor Lester Cory and Mr. Philip Viall of SMU's electrical engineering department will talk on "Computers and the Handicapped" on Tuesday, September 21, at 7 p.m. in the first-floor lounge of the SMU Library.

They will demonstrate a computer-controlled communications system with Linda Texeira, a cerebral palsy victim from Little Compton, R.I., for whom they designed it. Cory's work in helping disabled individuals to articulate through a computer that provides both written and spoken output has been featured in local newspapers as well as the Boston Globe and the New York Times. Miss Texeira has appeared on television and was one of three panelists at a national conference on handicap awareness last spring.

All are invited to attend. For more information, call Betsy Bogle, program chairperson, at 678-7824.

Easter Seal Thank You

The 1982 WBSM Softball Marathon to benefit the Massachusetts Easter Seal Society raised $5,469 with 22 softball teams participating in the event.

The team raising the most money was US Ringbinder with $740.00 followed by the Dartmouth VFW with $622.00.

Nearly 350 softball players participated and demonstrated that softball players really care about disabled children and adults.

No major event, like a softball marathon, can take place without the generosity and support of many businesses and individuals who give of their time, money and merchandise. We wish to recognize and thank these friends of Easter Seals.

Bridge Schedule

Rehabilitation work on the Sagamore Highway Bridge crossing the Cape Cod Canal resumed this week on Monday following suspension of the work for the summer season.

"Beginning on the 13th, our contractor will be restricting travel to one lane in each direction during regular work hours, 7:00 a.m. to 5:00 p.m., Monday through Friday," Lieutenant Colonel Arthur N. Rappaport, deputy head of the U.S. Army Corps of Engineers in the region, said. "During the evenings and on weekends, the bridge will be fully open."

Under the terms of a two year, $8 million contract, the bridge deck has been replaced, the roadway repaved, and the superstructure repainted. Still to be accomplished are replacement of hanger cables and installation of the remainder of the suicide deterrent fence. The entire project is currently scheduled for completion in May of 1983.

Plimoth Plantation

FALL CONSTRUCTION INCLUDES HOVELS, COW HOUSE AT PLIMOTH PLANTATION

Visitors to the 1627 Pilgrim Village at Plimoth Plantation will get a close-up look at living in a hovel when the residents there construct a temporary shelter for the shipwrecked sailors of the Sparrow Hawk this month.

Before the final harvest and the onset of winter, Pilgrim men will spend the next few weeks constructing the hovel, an outdoor bake oven, a cow house, and clay floor in the Howland House. They will demonstrate the diversity and techniques of the 17th century construction in the early colony.

Other on-going fall activities will include beer making, threshing and winnowing of grain, trestle sawing, militia musters, and trials and sentencing of miscreants.

Plimoth Plantation is the outdoor living history museum of 17th century Plymouth. Its exhibits include a full scale replica Mayflower docked at State Pier in Plymouth

To CARLTON A. THATCHER and LAURA F. THATCHER, husband and wife; and ALBERT SMITH, of New Bedford, in the County of Bristol, and to all persons entitled to the benefit of the Soldiers' and Sailors' Civil Relief Act of 1940, as amended.

FAIRHAVEN SAVINGS BANK, a banking corporation duly organized under the laws of the Commonwealth of Massachusetts having a usual place of business in Fairhaven, in the said County of Bristol, claiming to be the holder of a mortgage covering real property situated in Mattapoisett in said County of Plymouth on Island View Avenue, given by Carlton A. Thatcher and Laura F. Thatcher, husband and wife, to Fairhaven Savings Bank dated March 7, 1973 and recorded with Plymouth County Deeds, Book 3869 Page 97, has filed with said court a complaint for authority to foreclose said mortgage in the following manner, to wit: by entry and possession and by the exercise of a power of sale contained in said mortgage.

If you are entitled to the benefits of the Soldiers' and Sailors' Civil Relief Act of 1940 and amendments thereto and you object to the foreclosure of said mortgage, you or your attorney should file a written appearance and answer in said court at Plymouth on or before October 18, 1982, or you may be forever barred from claiming that such foreclosure made under such authority is invalid under said act.
